

## SOIL RESISTIVITY METER

### 3.3.1

#### DET5/4D & DET5/4R EARTH TESTERS

##### DET5/4D

Three/four terminal instrument with extended measurement capability for larger earth systems – battery powered.

Earth Resistance Range:  
0.01 to 19.99k auto-ranging.

Power supply:  
6 x 1.5 V AA alkaline cells.

##### DET5/4R

As DET5/4D, powered by rechargeable battery. Earth Resistance Range: to 0.01 to 19.99k autoranging. Rechargeable from 100/120V, 220/240V

##### ACCESSORIES

Available as an optional extra is an **Earth Testing Kit**, which comprises:

- Four earth pins in storage wallet.
- Two pin removal tools.
- Lump hammer.
- Two 30 metre lengths of wire on winders complete with clips.
- Two 3 metre lengths of wire.
- Carry bag.
