

BAC-08-QD-242-R1 Responsible Sourcing Policy.docx
Responsible Sourcing Policy

BAC Corrosion Control Limited (including RC SL) (BAC) specialises in the following activities:

- Design, Manufacture and Supply of Cathodic Protection Systems, Components and Pin Brazing equipment.
- Provision of Cathodic Protection and Pin Brazing Services. Product Stockholder, specialist Distributor.
- Supplier of Cathodic Protection and Pin Brazing Equipment.
- Design, Development, Manufacture and Supply of Corrosion Monitoring, Chemical Injection and Material Testing Systems for the use in the Oil, Gas, Petrochemical, Water Utility and Civil Engineering Industries.

BAC Corrosion Control Limited recognises the need to provide confidence to its customers, employees and other interested parties that materials used in manufacturing, installation, transportation and other services associated within the business are responsibly sourced and that the business is operated in a sustainable and ethical manner. The BAC - Integrated Management System (IMS) meets the requirements described in BES 6001:2009 - Framework Standard for the Responsible Sourcing of Construction Products.

These requirements are fulfilled as follows:

- BAC will comply with the principles of BS EN ISO 9001:2008 - Quality Management System, BS EN 14001:2004 - Environmental Management, BS OHSAS 18001:2007 - Occupational Health & Safety Management Systems and any other relevant standards or documents which augment these including the adherence to Statutory and Regulatory requirements.
- BAC will reduce greenhouse gas emissions associated with its business, as described in the IMS Environmental and Energy Policies as a strategic business objective, in order to minimise their contribution to global warming. BAC will maintain metrics for measuring and reducing greenhouse gas emissions relating to manufacturing activities, products, installation, transportation and other services. The company will also maintain metrics to measure and reduce energy and mains water consumption, raw material usage and waste generation so as to minimise their associated environmental impacts.
- BAC will be responsible stewards of sites occupied in operating its business.
- BAC will supply life cycle assessment data for its products as and when required.
- BAC will operate a suitable supply chain management system within the IMS. Where possible as an organisation we will work with local suppliers to create value and contribute to the local economy.
- BAC will operate an ethical business and support the principles of Equal Opportunity in employment and in the provision of its services. The company recognises the importance of developing a skilled and competent workforce.
- BAC will engage with the local community on business matters and by providing employment opportunities. We will also engage with trade associations, government bodies, industry committees and other parties to deliver a sustainable built environment in a manner that is profitable, ethical and operates within pre-determined environmental limits.
- The Managing Director has given the purchasing officer/s full authority to carry out the purchasing functions in line with the Company authority levels latest revision of document number BAC-09-QD-057 and the associated Midroc policies.
